

Swing Gates

Eagle supply the most powerful stand alone hydraulic rams available, with a pulling force of 8500N. The P Series rams are high spec operators for large and wind affected gates. These extremely sturdy operators are used predominantly in commercial and industrial applications. Slow down on the closing cycle avoids slamming and protects locking systems. Hard to beat on performance and price, the P Series are an industry standard. The brackets supplied are extremely sturdy to avoid twisting and breaking as found on alternative manufacturers equipment.

MODEL LOCKING GATE SIZE SPEED FEATURES
P 4.5 NO 4500 mm 28 SEC SLOW DOWN ON CLOSING
P 7 NO 6500 mm 38 SEC SLOW DOWN ON CLOSING
