

IWA14-1 Lockdown Swing Gates EAG04000

Product Summary

The Eagle Lockdown gate is the latest addition to the Eagle portfolio of crash tested products. Fully removable posts mean it can be permanently or temporarily deployed. If required, just the closing post or indeed the hanging post could be removed.

The Lockdown gate is specifically designed as a manual gate for openings up to 8m. The gate can be constructed in sections, allowing the system to be easily shipped and built on site. Our in house design team with CAD technology can develop a system bespoke to your requirements.

Special Features and Benefits

- Eagle Fibre technology
- Very low penetration
- Shallow foundation
- Tested at 8m clear opening
- Robust and rigid

IWA14-1 Lockdown Swing Gates EAG04000
